### JANUARY: Empowering Your Master

**Energy Description:** January 2023's energy is inspiring you to set goals and aspirations through the lens and light of empowerment. It is offering you energies of leadership, confidence, courage and a willingness to sacrifice in order to overcome struggles and limitations so you can anticipate the realization of your goals. Breakthrough and healing are through love, beauty, nature and staying grounded.

**Contemplation:** The purpose of this contemplation is to bring you Your Power. Contemplate your struggles from the lens of how your struggles help you see and initiate your Higher Vision. Observe how the belief in your limitations generate addictive negative thoughts that dislocate you from living as the Master of your life. To clear interference, examine without judgment any acts of indifference, opinions, and wounds around control. For vitality and superabundance, orient yourself to your highest aspiration

#### Astrological Guidance:

- January 1-18 Mars Retrograde in Gemini & Mercury Retrograde in Capricorn ([Reflection & Growth Period](#)): See above contemplation for tip.
- January 6, Cancer Full Moon: Break Through the Immaturity of Greed. Heal your courage by silencing your addictive mind chatter. This will help expand your consciousness so you can break through to your higher aspirations and unify your mind, body, and spirit.
- January 12, Mars goes Direct: Act with Versatility - Action is to move out of indifference, heal your control issues, value your sensitivity and expand through acceptance.
- January 18, Mercury goes Direct: Silencing the Addictive Mind - Your mind wants to think with vitality and bliss, so orient your mind towards invention, teamwork and universal love.
- January 21, Aquarius New Moon: Realizing Your Mastery. Set the new seeds of intention to transform your limiting thoughts and actions.
- January 22, Uranus goes Direct: Orienting Your Breakthrough by acting as the Master of you grounded in thoughts that bring you vitality and transform teamwork.
- January 26, Venus enters Pisces ([Abundant Period January 26 - February 19](#)): Revolution of Lightness to empower your Mastery

#### Abundance Dates:

### **FEBRUARY: Mastering Creative Healing**

**Energy Description:** February's energy is about the re-evolution of your subconscious becoming conscious. Creating a rebirth into freedom and uniting the mind, body and spirit. This is a big month for healing so be sure to rest, relax, let go, purge and release control issues. Tools that will help you are your intuition, sensitivity, empathy, lightness and tenderness.

**Contemplation:** This contemplation is to heal your inner wounds by releasing, purging, letting go and celebrate endings. Bring to mind an issue you have around control. Contemplate how this issue is releasing a "Truth" about an inner wound. Observe your doubts. Ask to understand the wisdom. Then release, purge, and let go of addictive negative thoughts and actions surrounding your contemplation and celebrate their ending.

#### **Astrological Guidance:**

- February 5, Leo Full Moon: Achieving Unification. Heal issues around abundance. Apply the highest vibration of virtue and empathy. Use the gift of discernment to consciously guide yourself to freedom. Purge, let go and wrap up unfinished business. Clean your inner house and put it into order by orienting yourself to lightness, act from a place of adventure and expand your farsighted vision.
- February 19/20, Pisces New Moon: Freedom of Lightness. Heal the victim within. Master your inner voice. Release desire, initiate lightness of being. Plant the new seeds of lightness to release your inner spirit and dreams.

#### **Abundance Date:**

- February 5

#### **Abundance Period:**

- February 1 - 19 due to Venus enters Pisces

#### **Reflection & Growth Period:**

- February 21 - 28 due to Saturn entering Pisces on March 7

### MARCH: Freeing Control

**Energy Description:** March's energy is about initiative, the courage of original thought and initiating something new. Seven planets change signs this month, which means seven new directions and new programs are being started. They are how you see and think of yourself spiritually and as a warrior; how you feel, love and believe in mother earth; and how you act as a nurturer, manage your consciousness, and transform your consciousness of doubt through grace, compassion, universal love and your farsighted vision.

**Contemplation:** This is the most important month of the year with many astrological shifts. It is a month for Instant Manifestation. It's time to start something new with love and light. This contemplation will begin the "wheel of good fortune" through the lens of God Consciousness. Contemplate: "The Truth shall set you Free!"

#### Astrological Guidance:

- March 2, Venus, Jupiter conjunction & Mercury enters Pisces: Energizing Your Inner Authority. Liberate your limiting beliefs around creativity. Expand with the energy of dynamism. Choose to initiate the valor/courage to self-express.
- March 7, Virgo Full Moon: Illuminating the Truth. This is about leading yourself out of doubt. Use inner inquiry to orient yourself towards your truth. Guide yourself with the tools of reflection, stillness and intuition. Guard against actions that bring dominance; redirect through actions of synergy and communion.
- **March 7, Saturn enters Pisces & joins Neptune (Reflection & Growth Period February 21 - March 21):** Expressing Glimmer. Spiritual consciousness is being guided to consciousness. Ideals and inspiration are being made practical. This is fueling leadership, strength and the energy that frees up abundance.
- March 12 Jupiter, Chiron conjunction: Healing Your Inner Authority. This is expanding the healing energy of home, work and manifestation. Detach yourself from expectations. Make your home a sanctuary where you are grounded. Take time off to be by yourself and time off to enjoy your home.
- March 16 Venus enter Taurus: Changing to Innocence. Chaos, vanity and victimization are the limiting shadows of this transit. To be empowered and move towards freedom, use the tools of equilibrium, discrimination, harmony and purity.
- March 21 Aries New Moon: Establish Universal Love. Acceptance, acceptance, acceptance - these are the seeds to plant to establish the roots for new growth for Universal Love.
- March 23 Pluto enters Aquarius: Realism. I Transform enters I Revolutionize. Transformation of Global Consciousness enters the Realism Revolution. Meaning for abundance nurture Realism not Limitation.

### APRIL: Master Freedom

**Energy Description:** April doubles the energy of initiative and new beginnings. It is enhancing living in the present moment. It is giving you the opportunity to master your relationships, your communications, and spiritual connection with yourself and others. This is a time to walk through the portal of your farsighted vision with total love and awaken the freedom of stillness.

**Contemplation:** This contemplation is to attract new opportunities and form grounded relationships and friendships. Contemplate gentleness and patience in relationship to yourself as well as others. Consciously communicate to yourself to relax, breath, slow down and trust your intuition and divine timing. Watch yourself working with others and at the same time make it a priority to give yourself your own space and time. Bring appreciation and gratitude to the small details and free yourself by detaching yourself from the outcome.

#### Astrological Guidance:

- April 5/6 Libra Full Moon: Clarity. This is the full moon of awakening your clarity. Your agitation is a call to initiate your heart and bypass your mind. Inspiration and intuition are the guidance in the present moment that bring illumination to altruism, victimization, freedom, stress, selfishness and stillness.
- April 14 Saturn sextile North Node: Practical Altruism. This aspect is holding you to move towards Altruism and making it easy to take this direction.
- April 19/20 Total Solar Eclipse Aries New Moon ([Reflection & Growth Period April 13- May 4](#)): Freedom of Innocence. Realization that holding the victim vibration in your space creates the chaotic cycle of selfishness, limitation and purposelessness. The keys to opening the gift of this eclipse are planting the grains for innovative creativity, reflective receptivity and flexibility for manifestation.
- April 21 to May 14 Mercury Retrograde in Taurus ([Reflection & Growth Period](#)): All Is One. To Master Freedom, this Mercury Retrograde offers you the time to reflect, revisit and rewrite your thoughts through taking the action to dynamically liberate your thoughts by nurturing, healing and mothering your Inner Beingness. This will be the reflection direction until May 14.

#### Abundance Date:

- April 6

### **MAY:** Creating the New Human

**Energy Description:** May's energy is about creation and joy. You are learning how to create from a place of selflessness, silence, unity, simplicity and your own style and presence. May expands selfless leadership that transforms perceived limitations, and through the intoxication of joy, you can waltz in the impeccable actions that build superabundance.

**Contemplation:** Self-Expressing. On 1/12/2020 was the Cancer Full Moon Lunar Eclipse Stellium. It started the epic global change to create the New Human through the lens of Psychosis, Inspiration and Sanctity. Within a few months, COVID-19 was performing on the global stage. Now in 2023, we have entered the Year of Mastery and with this month we are offered the gift of contemplation, self-expression, creativity and joy.

#### **Astrological Guidance:**

- May 1 Pluto Retrograde: Globalizing Realism. Pluto is the planet of transforming global consciousness. This retrograde is transforming the New Human consciousness around what is Limitation, Realism and Justice.
- May 5 Lunar Eclipse Scorpio Full Moon: Unify Synarchy. This is the transformational bright light of opposition. It is shining on conflict, diplomacy and peace as well as addiction, invention and silence. To create your New Human with love, joy and genuine self-expression, take actions with a unified mind, body and spirit -- not actions that place the intellect above all else.
- May 14 Mercury Retrograde goes Direct: All Is On. Time to move forward from a place of Altruism.
- **May 16 Jupiter enters Taurus & joins Uranus & North Node (Abundance Period May 16- May 25, 2024):** Growing Innovation. To creatively grow your New Human, expand through innovative dynamic altruism that is simple and enriches equality, justice and totality.
- May 17 Jupiter squares Pluto: Realization of Global Truths. Chaos is being expanded through provoking weakness and selfishness and manifests as complex limitations. Innovation is being expanded through dynamic selflessness and manifest through simplified realism.
- May 19 Taurus New Moon: Exquisite Humanity. Exquisite Humanity comes from being your unique exquisite human. Spring anew with simplicity and enrich yourself by being grounded in enjoying your unique one-of-a-kind style.
- May 20 Mars enters Leo: Enriching Acts. Guard against purposeless, distracting acts that are selfish, chaotic, turbulent and limiting. Totally enriching acts are selfless, altruistic, innovative, innocent, humane, compassionate and real.

### JUNE: Divine Compassion

**Energy Description:** June is about manifesting into matter from the Divine Feminine energy: giving rather than taking, listening rather than dominating, and magnetizing rather than pushing. June's guidance is a call to action for humility, mindfulness, virtue, understanding and forgiveness. It is creating a powerful impact to change, transform and empower through love. Be prepared for sudden shifts and surprises and allow your intuition to guide you.

**Contemplation:** This contemplation is about manifesting through giving and receiving rather than forcing and taking. Contemplate how you would like to be nurtured and imagine giving that to others. At the same time contemplate how you wish to receive that same nurturing experience.

#### Astrological Guidance:

- June 1 Jupiter, North Node conjunction (**Abundance Period May 28 – June 6**): Direction Altruism. Like the North Star, the North Node points us in a direction. This North Node acts as our current universal compass. It is directing us towards selflessness and moving toward the good for the whole. It is showing the direction for expansion which is through selfless acts that are enriching and at the same time hold you to equality and tenderness.
- June 3 Sagittarius Full Moon: Divine Adventure. Two stories are being told. One is with characters that are hungry, impatient, get agitated by weakness and have forgotten life is an adventure. In the other story the characters are adventurous, patient, initiate equality and use the gift of mindfulness to live in the realism of life's boundless adventure.
- June 17/18 Gemini New Moon & Saturn Retrograde: Discriminating Human. Growth is through the discriminating energy of the Architect of Peace using the qualities of equality and tenderness. Guard against allowing turbulence to run over your dreams. What will help you is to get plenty of rest and nourishment, both physical and spiritual.
- **June 19 Jupiter sextile Saturn (Abundance Period June 15–27)**: Expand Tenderness. This is the most important transit of the year. The harmonious rule that Saturn is laying down is Equality and Tenderness. Jupiter is expanding the harmony by reminding you to remember Selfless Altruism. When these energies meet it, attracts fantastic opportunities for growth. It is a great time to take risks and try new approaches. Use discrimination to let go and liberate the unconscious block of vanity, provocation, hunger, forgetting, selfishness, weakness, purposelessness and limitation.
- June 30 Neptune Retrograde: Reflecting Compassion. Open your heart to your dreams. Say hello to simplicity. Envision a compassionate world that reflects strength and majesty.

### JULY: Shift

**Energy Description:** July is about shifts, changes, taking risks and exploring freedom. Your mental acuity is heightened but don't get lost in the complexity of your intellect. Your higher mind is calling you to breakthrough to simplicity. Ride this shift through being flexible and open to inspiration; experiment with new ideas, allow yourself to make decisions quickly and flow naturally with the fast pace of this month.

**Contemplation:** Like January, the purpose of this contemplation is to bring you into your Power. Contemplate your struggles from the lens of empowerment and how this shift honors and liberates your spirit. Review how the last 6 months have changed you and how your thoughts are working in alignment to your higher vision. Celebrate the changes and embrace the future shifts and changes from the dynamic energy of exploration as the Master of Your Life's Creations.

#### Astrological Guidance:

- July 3 Capricorn Full Moon: Empowering Liberation. This is a powerful full moon that can empower, heal and liberate the heart. With tenderness, work with silencing the interference of the addictive mind and apply the gifts of perseverance, understanding, forgiveness, commitment and devotion to your struggles.
- July 17 Cancer New Moon & North Node enters Aries (**Abundance Period July 15-27**): Impeccability. To live a life with impeccability, plant the seeds to trust your intuition; that you are the Creator living within your own creation and the believe that the World is working for YOU.
- July 22 Venus Retrograde in Leo (**Reflection & Growth Period July 17 - September 5**): Enriching Commitment. This is a shift to love. It is a period to clear the corrupted codes of weakness, exhaustion, half-heartedness, chaos and agitation through the lens of love, fun, play and tenderness.
- July 23 Chiron Retrograde in Aries: Rewriting Control Issues. Chiron is the Wounded Healer and is rewriting and healing judgment, half-heartedness, weakness, limitation, corruption, chaos, interference and judgment.

### **AUGUST: Break Through**

**Energy Description:** August is the month of breaking through by nurturing, healing and mothering. It is a month to focus on home and family. It is about the enrichment of love. You are being pointed to the values of mindfulness, your dreams of humanity and your commitments and devotion. How you transmute and initiate healing, intimacy and transparency is with the courage of your inner authority.

**Contemplation:** This contemplation is guidance for "Spiritual Alchemy." Love, heal and uplift others through joy, nurturing and abundance. Awaken your inspiration by welcoming changes, growth and unexpected events and surprises. Breakthrough emotional blocks by raising your vibration to acceptance, compassion and curiosity. Take time to listen to your intuition.

#### **Astrological Guidance:**

- August 1 Aquarius Full Moon: Revelations. Breakthrough with sensitivity and mindfulness. It will free and orient you to expand actions of intimacy and transparency.
- August 16 Leo New Moon: Simple Solution. In the numerology the Architect of Peace and the Royal Star of the Lion energy are very present, meaning Peace and Courage. The Simple Solution for Peace is to have the Courage to take a stand and orient yourself to virtue and apply and receive the guidance of understanding and forgiveness.
- August 23 to September 15 Mercury Retrograde in Virgo ([Reflection & Growth Period](#)): Transmuting Oppression. To transmute oppression, the food for thought is deafness. What have you been deaf to in your life? How has that created conflict and turbulence within? How has it built limitations? What are the divine insights?
- August 28 Uranus Retrograde in Taurus: Power of Simplicity. Value simplicity and let go of complexity.
- August 30/31 Pisces Full Moon: Divine Will of Tenderness. Strong intuitive flow during this period. Time to rest, reflect and receive in silence. Allow the natural flow to carry you like a subtle ocean wave. Let go of exhaustion, weakness, oppression, victimization and dislocation.
