Empowerment Energy Guide - Prosperity Path 2025

THE BIG SHIFT

InnerBeautyHealing.US
<https://innerbeautyhealing.us/>

DEAR FRIENDS

Thanks for joining us for Prosperity Path 2025 - The Big Shift, empowering energy guidance from the divination arts of Astrology, Numerology, Human Design and the Gene Keys.

November 19, 2024 marked the beginning of the world's Aquarian Age of Re-Evolution, Wisdom & Harmony because Pluto - the planet of Global Consciousness - fully entered the constellation Aquarius and will remain for the next 20 years.

Though every month of 2024 was marked by highly polarized political and social expectations, each was in furtherance of this transformative direction . . . the GREAT TURN away from war, greed and ignorance to universal love, compassion and social harmony.

Significantly, all cosmic signs now point to the next two decades as times of consequential choices for our global community.

The path forward will be a reciprocal individual and collective process of realization, melding our material consciousness with our spiritual essence - the Source. the Divine within each and all - into the "New Human, Homo Sanctus."

Holding the arc of this overview in mind, follow forecasts to guide yourself through these times of challenge, choice, change and evolution.

*Set aside 1-2 hours to listen, take notes and understand the 2025 Overview (whether in 1 or more sittings). This window to our direction forward will be THE constant theme throughout and for the next 20 years.

#1 THE BENEFITS

Given today's challenging times, there is a great and growing interest in metaphysics and spirituality, especially those which allow users to "see" into "the stars," the invisible, immaterial realms of the cosmos.

What is "seen" is an interdependent relationship, however, illustrated by the simple fact that the Earth completely relies on planets in the cosmos - such as our moon and sun - to grow, survive and thrive.

Therefore, astrology (and other divination arts) is the extension of this basic understanding to the Universe and describes how the cosmos moves Life itself.

For me, astrology "clicked" when I realized how my own life moved easily when I followed the ebbs and flows of the forecasts. Astrology became a practical, spiritual, personal and collective resource.

Use this Empowerment Energy Guide and the IBH Gene Key Energy Forecast. They provide both an understanding of the long arc of cosmic movements as well as specific insights during key periods of each month. Remember, in this year of the BIG SHIFT, the key is YOUR "inner shift" by releasing what no longer serves you.

3. A downloadable link for the EEG is only available on the newsletter.
4. Starting February 1, the EEG will also be enhanced by a monthly podcast, "Global Energy Forecast & Cosmic Commentary."
5. Monthly theme is the "Title" of the month. Use this theme to guide your contemplation for the month. (ex. January's theme is The Wheel of Fortune New Beginnings)
6. Under the title of the month is the numerology Key Code. Use this code to direct your energy.
7. Read the **Energy Description**. Use this throughout the month to understand how the month's energy flows and how to improve your attitude.

#8 HOW TO USE THE FORECAST

(Cont.)

How to use the IBH 2025 Forecast Calendar

Now that you know how to use the EEG you can use the IBH calendar in a similar way.

The calendar shows you:

- New & Full New Moons
- Eclipses
- When the Zodiac Signs change
- Gene Key days (*for more information go to <https://genekeys.com/>*)
- Abundance & Best Money days
- Reflection & Growth days

To gain a higher awareness that can expand your understanding of your journey in life, follow this tip: Use your personal experiences and what is going on right NOW to gain a deeper understanding of how life is working for you.

Example for January 1st: First, apply our Personal Year. Then combining that with the year and month themes, then the Gene Key words for the day, say to yourself,

2025 is creating a Big Shift; grounded in the energy of the Wheel of Fortune New Beginnings; transforming me to seek my Truth; and highlighting the light of Honor, Perseverance and Struggle to help me realize everything is happening for me." Then, ask yourself, "How is this helping me?" Your answers are your insights.

Use this approach on each astrological guidance day.

YOUR HOSTS

Rev. Dr. Trinity Ordon

I wasn't born to this "woo woo" stuff, like my sister. I was typical of my generation, forged in the social upheavals of the 1960s. But I didn't do drugs, drop out or run off. I was serious. I fought for political change. My passion was rooted in changing the human condition of suffering, poverty and injustice. That's why I got a Ph.D. in History of Consciousness, studied Western politics, health policy. When that did not answer my questions, I turned to Buddhism, Hindu system of chakras, metaphysics, spirituality and ultimately psychic energy healing.
