FEBRUARY: Portal of Communications

Universal Month 11/2 Mastering Intimacy, Relationships, Love

Energy Description: February's energy is about mastering communication in your relationships, primarily the relationships with yourself (*mind, body, emotions, actions, dreams*). It opens the door to teach yourself Compassion, Forgiveness, Understanding, and Tenderness through your experiences.

Contemplation: Allow yourself to purge and let things go that no longer serve you. Be honest but gentle with yourself. This is a time to plant new seeds that grow from the fertile soil of Forgiveness, Understanding, and Tenderness.

Astrological Guidance:

- **Teaching Compassion - February 1 Venus conjunct Neptune:** February starts off with teaching you the love of your vision with the questions "What do you love? What is your heart's dream?" And at the same time "What are you focusing on? Because what you focus on is what you receive. With this transit, the mind creates images that draw to you the emotions of turbulence, humanity, and compassion. It is your choice on how you envision it and evolve with it. To awaken the highest frequencies for experiencing the love of your highest vision, the breakthrough energy is to reach for the quintessential essence of universal love and acceptance.
- **Breakthrough to Forgiveness & Understanding - February 12, Leo Full Moon T-square to Uranus:** This Leo Full Moon is about forgiveness and rebirth. It is sending the frequency of courage to change your emotional wounding. It teaches you why bad things happen and how they help you. By observing the tension of your agitations, you can understand the reactions of your ego that developed intolerance. This leads to forgiveness and the rebirth of a greater expanded emotional frequency
